2019-2024 Audi Q3 - Cabin Air Filter Replacement

2019-2024 Audi Q3 | Easy | 15-25 minutes | $20 DIY

TOOLS

Trim tool or flat screwdriver (optional) Flashlight Gloves Vacuum or rag for debris

PARTS

Cabin air filter $20.00

STEPS

1. **Prepare the Q3 and locate the access panel - Park the Q3 level, brake set, ignition fully** off. The F3 Q3's cabin filter sits UNDER the glovebox in the footwell, accessed through a dedicated panel beneath it - not by dropping the glovebox. Confirm the replacement is cataloged for th...
2. **Open the glovebox and find the under-dash panel - Empty the glovebox. Look beneath it,** under the multimedia reader area, for the rectangular access panel covering the filter box. Slide the passenger seat back for working room. The access panel is the only trim you remove - the glovebox...
3. **Remove the access panel to expose the filter box - Remove the access panel under the** glovebox - held by screws or clips depending on trim - and set the panel and fasteners aside. Keep the small screws in a tray; they love to roll under the seat.
4. **Remove the old filter and clean the housing - Pull the old filter out, noting the airflow** arrow direction on its frame first. Vacuum the empty box and wipe the edges clean. Audi's schedule lists replacement about every 15,000 miles or once a year. Push the new filter into the filter b...
5. **Reassemble and verify HVAC airflow - Close the filter box cover, refit the access panel,** and secure its screws or clips. Close the glovebox. Start the Q3 on fresh air and run the fan through its speeds: strong, quiet airflow, no rattling from under the dash.
