# 2015-2023 Ford Mustang - Wiper Blade Replacement

**2015-2023 Ford Mustang | Easy | 10-15 minutes | $66 DIY**

**TOOLS**
tape measure  clean towel  washer fluid

**PARTS**
Driver wiper blade, 22" Bosch 22A $32.99
Passenger wiper blade, 20" Bosch 20B $32.99

## STEPS

1. **Confirm your sizes - The S550 takes 22 inches driver / 20 passenger - measure first:** Motorcraft originals were 21/19 (WW2160, WW1964) and one UK chart lists 16 passenger-side. Skip S650 (2024+) blades. No rear wiper. Beam blades for the pinch-tab arm.
2. **Park the wipers where you can reach them - No service position on the S550 - the arms** rest on open glass, so lift them by hand. If you have rain-sensing autowipers, switch the stalk off so a drop can't fire the motor while your fingers are on them.
3. **Remove the old driver-side blade - Lift the arm over a towel on the glass. Squeeze the** pinch-tabs, push the clips toward the arm, and slide the blade off. OEM blades release in reverse - push down on the blade's rear; try that first on originals.
4. **Prep the new driver blade - Unbox the new 22-inch blade; its connector should carry the** pinch-tab receiver matching the arm. Peel the plastic protector off the rubber edge. Lay it next to the old blade to confirm the length and that the saddle looks identical.
5. **Install the new blade and verify the lock - Slide the saddle onto the arm tip, squeeze** the pinch tabs, and push until the clips click. Tug along the arm - no slide, no wiggle. Set the arm back onto the glass; never let a bare arm snap down.
6. **Do the passenger side (no rear blade) - Repeat the routine on the passenger side with the** 20-inch blade. The coupe has no rear wiper, so you're done once the second blade seats. Check both blades sit square with no twist and the spoilers facing into the wind.
7. **Test with washer fluid - Top off the washer fluid, then spray and run sweeps. Look for** clean, streak-free passes and listen for chatter - if a blade skips or smears, re-seat the pinch-tab clip. Re-enable the autowipers, and log the date and 22/20 sizes.
