2010-2015 Lexus RX - Rear Wiper Blade Replacement

2010-2015 Lexus RX | Easy | 15 minutes | $15 DIY

TOOLS

Flathead Screwdriver Clean Cloth

PARTS

16-inch Rear Wiper Blade (OEM 85242-48040 - confirm fitment for your 2010-2015 Lexus RX before ordering) 85242-48040 $15.00

STEPS

1. **Service position (if needed) - The rear wiper on the 2010-2015 Lexus RX needs no service** position - the short rear arm lifts off the back glass by hand.
2. **Lift the wiper arm - A folded towel laid on the glass under the arm adds cheap insurance.**
3. **Release the old blade - The RX rear blade uses a rocker/snap-claw style arm end: find the** small release tab or the claw clips where the 16-inch blade meets the arm, press or spread them, and slide the blade off. Work gently - the plastic arm end can crack if fo...
4. **Match the new blade - The 2010-2015 Lexus RX takes a 16-inch rear wiper blade (2007-2009** RX models use a 14-inch rear blade, so confirm your model year). Buy a rear-specific blade or refill made for the RX's rocker-style arm - a standard front blade with the...
5. **Install until it clicks - Slide or snap the new 16-inch blade onto the rear arm until the** claw or tab clicks into place, then tug gently to confirm it is locked.
6. **Lower and repeat - Gently lower the rear arm onto the back glass. There is no second rear** blade to repeat with - instead, run the rear washer and wiper to verify a clean, streak-free sweep across the back glass.
