PARTS

Driver wiper blade, 24" Bosch 24A
Passenger wiper blade, 18" Bosch 18B
Rear wiper blade, 14"

STEPS

- 1 Get the right blades: 24" driver, 18" passenger -** The 2017-2025 Mazda CX-5 takes a 24-inch blade on the driver side and a 18-inch blade on the passenger side. It also has a 14-inch rear wiper blade.
- 1 Lift the wiper arm -** On the 2017-2025 Mazda CX-5, lift the wiper arm away from the glass until it locks upright. Support it so it cannot snap back. Informational DIY - EZ Car Fix is not a shop.
- 2 Release the old blade -** Locate the release tab or clip on the blade. Press it and slide the blade off the hook, pin, or bayonet mount. Keep a hand on the arm.
- 3 Install the new blade -** Match the adapter to your arm type. Slide the new blade on until it clicks firmly. Tug gently to confirm it is locked.
- 4 Lower, repeat, and test -** Gently lower the arm onto the glass. Repeat for the other side (and rear if equipped). Spray washer fluid and run the wipers to verify a clean, streak-free wipe.
