

2019-2024 Nissan Altima | Easy | 10-15 minutes | \$25 DIY

TOOLS Gloves Rags	PARTS Wiper blades (correct length/clip) \$25.00
-----------------------------	--

STEPS

- 1 Lift the wiper arm -** On the 2019-2024 Nissan Altima, lift the wiper arm away from the glass until it locks upright. Support it so it cannot snap back. Informational DIY - EZ Car Fix is not a shop.
- 2 Release the old blade -** Locate the release tab or clip on the Nissan Altima blade. Press it and slide the blade off the hook, pin, or bayonet mount. Keep a hand on the arm.
- 3 Install the new blade -** Match the adapter to your Nissan Altima arm type. Slide the new blade on until it clicks firmly. Tug gently to confirm it is locked.
- 4 Lower, repeat, and test -** Gently lower the arm onto the glass. Repeat for the other side (and rear if the Nissan Altima is equipped). Spray washer fluid and run the wipers to verify a clean, streak-free wipe.
