2014-2020 Nissan Rogue - Rear Brake Caliper

2014-2020 Nissan Rogue | Advanced | 2-3 hours | $210 DIY

TOOLS

12mm Socket 14mm Socket 17mm Socket 21mm Socket Torque Wrench Floor Jack Jack Stands Brake Parts Cleaner Safety Glasses Gloves 8mm Wrench 14mm Flare-Nut Wrench

PARTS

Rear Brake Caliper TRQ CLA47148 $150.00
Rear Brake Pads $50.00
Brake Fluid $10.00
Copper crush washer (banjo bolt)

STEPS

1. **Raise and support the vehicle - The 2014-2020 Rogue (2nd generation, T32) in this guide** needs a CALIPER REPLACEMENT - not just pads. This is a hydraulic system job involving disconnecting the brake hose, so you'll be bleeding the brakes afterward. The Rogue uses a ca...
2. **Remove the wheel and caliper - Remove the rear wheel. Locate the brake hose where it** connects to the caliper via a banjo bolt. Place your drain pan underneath. Using a 14mm FLARE NUT wrench (not a regular open-end - you'll round the soft banjo bolt), loosen the banjo...
3. **Remove pads and inspect - With the old caliper off, inspect the bracket, slide pins, and** rotor. Critical: do NOT mix up the top and bottom slide pins - the BOTTOM pin has a rubber bushing and they are not interchangeable. Note which is which as you remove them. I...
4. **Install the new caliper - Prepare the NEW caliper: verify the bleeder valve is on TOP** when mounted (if it's on the bottom, the caliper is upside down - flip it). The bleeder takes an 8mm wrench. Install the new caliper onto the bracket - ensure the slide pins g...
5. **Install new pads and reconnect hose - Install new pads into the caliper bracket. Slide** the caliper (with new pads) over the rotor and onto the bracket. Reinstall the 14mm slider pin bolts - torque to 32 Nm (per AUTODOC) or 25-35 ft-lbs. Ensure the pins slide freely. Double...
6. **Bleed brakes and verify - You MUST bleed the brake system now - air entered when you** disconnected the hose. Bleed order: start with the wheel FARTHEST from the master cylinder (typically passenger rear, then driver rear, then passenger front, driver front). Have...

TORQUE

Caliper mounting bolts 62 Nm 46 ft-lbs
Brake line banjo bolt 18 Nm 13 ft-lbs
