

2009-2013 Toyota Corolla | Easy | 10-20 minutes | \$20 DIY

TOOLS

Screwdriver or socket Rag or shop vac
Gloves

PARTS

Engine air filter \$20.00

STEPS

- 1 Open air box - Engine off. Open the 2009-2013 Toyota Corolla air box clips/screws.**
Informational DIY - EZ Car Fix is not a shop.
- 2 Swap filter - Remove old filter, clean housing (keep debris out of intake), seat new filter.**
- 3 Reseal - Close the 2009-2013 Toyota Corolla air box evenly and confirm seal.**
